DANCE CHALLENGE

2022

"Remember when...?"

Who would have thought two years ago that the equivalent of a zombie apocalypse would within a few weeks change all our beliefs in what could be viewed as a stable and normal life! I think we have taken for granted all those little things that gave us a sense of pleasure and freedom.

Most dancers learn their pivot turn early as a fundamental jazz step... it has metaphorically been in all our "life choreography" these past 20 months, hasn't it?

I applaud everyone for their resilience and perseverance over this pandemic. It is part of what we expect dance to do for our kids, delivering the confidence and resilience they need for adulthood.

Now we are pulling out of the darkness, and life will start to look a bit more like it did before the virus came. We should remember the lessons of the past but not dwell there, life is about the journey, and we can celebrate now the return of spring by seeing smiles, and hugs!

Let us celebrate the return of dance, friends, hugs, and smiles.

BUT

Do not forget your pivot turn...it may once again come in handy.

All my best dancers! Welcome back!

James Tedesco - Director
